Dubai Mall Aquarium Selects Wybron Architectural Fixtures and InfoTrace System To Light World's Largest Indoor Marine Mammal Pavilion

Colorado Springs, CO – July 19, 2007 – Wybron, Inc., a leader of entertainment, houses of worship and architectural lighting technology, today announced that the Dubai Mall Aquarium, a permanent installation in the world's largest shopping mall located in downtown Dubai, purchased 226 Large Format Aquarams and InfoTrace Control and Management System. The aquarium expects to install Wybron's fixtures and the InfoTrace system in September.

Wybron's Aquarams will illuminate the 164 foot aquarium to allow visitors to see sharks, stingrays and other species of fish in their natural habitat. Each Aquaram contains up to 32 gel colors and is water resistant. The InfoTrace system will control and manage all of the fixtures via the RDM platform.

"We are very pleased with the spike in sales of our architectural fixtures," said Larry Turner, Wybron CEO. "Wybron continues to introduce new outdoor lighting technology as we expect the demand for lighting designs to grow in the overall architectural and buildings space."

projects globally, designed the project and will supervise programming and installation during the final phases of the project, which opens in 2008.

Wybron Authorized Dealer Stage Equipment and Lighting (SEAL) handled the sale. SEAL's main office and export business is located in Miami, with regional offices in Orlando and Tampa, Florida.

About Wybron, Inc.

Wybron is advancing the art of lighting through collaboration with its customers across the entertainment, houses of worship and architectural markets. The company consistently develops state-of-the-art, award-winning solutions. Recognized as one of the world's leading innovators in the lighting field, the company's products are used in Broadway shows, including A Chorus Line, Beauty and the Beast, Chicago, Lion King, Spamalot and The Producers and in Las Vegas Blue Man Group, Cirque du Soleil KÁ and Spamalot. As well as the entertainment fields, houses of worship and commercial architects, Wybron also serves cruise ships, theme parks and casinos throughout the U.S. and across the globe.
