WYBRON WELCOMES DEALER IN SPAIN

Wybron, a veteran lighting company based in Colorado, has expanded its global distribution network to Spain.

Based near San Sebastian with offices in Madrid, Entertainment Equipment Supplies will distribute Wybron products across the western European country. Founded in 2004, EES sells a variety of lighting equipment and mainly serves the rental, television and theatre markets, said CEO Nacho Acha-Orbea.

EES chose Wybron because of its reputation for reliability, Acha-Orbea said.

“We’re just focused on high quality brands and equipment with which we can be confident we’re offering the best products with the best service,” he said.

With dealers in Europe, Asia and beyond, Wybron prizes its worldwide customers, said Sales Manager Miles Dudgeon.

“EES has been great to work with, and we’re excited to have a bigger presence in such a beautiful country,” Dudgeon said.

For more information about EES or Wybron, visit www.ees.es or www.wybron.com.

ABOUT WYBRON

Wybron designs and manufactures innovative, practical and high-quality lighting equipment for some of the biggest entertainment productions in the world. Wybron remains committed to standardized two-way communication protocols that help users more easily manage their lighting rigs – sending valuable feedback from your lighting equipment to your laptop.
